Annual Reports are Due March 1st

Come participate in the Central Coast Water Board Cannabis Program's Virtual Annual Reporting Workshop! A presentation will be given by Water Board staff followed by a short demonstration showing solutions to common issues and new elements in this year's annual reporting survey. Water Board staff will present tips aimed to help cultivators accurately fulfill annual reporting requirements as required by the Cannabis General Order. **RSVP by completing a [short survey](#) to receive an invitation to the Zoom meeting.**

Who should attend: Tier 1 and 2 enrollees in the Cannabis General Order WQ 2019-0001-DWQ and consultants completing annual reports on behalf of enrollees.

Topics covered will include:

- Accessing and logging into the [Cannabis Program Portal](#)
- Reporting on winterization measures
- Nitrogen reporting
- Stormwater monitoring reporting
- Making updates to tier and risk levels

Staff will be available after the presentation for questions and assistance.
